**Attachments:** Copy of Copy of GNETS Priority Facilities List 071416.xlsx

Hi everyone,

Attached is the GNET list ranked by the GaDOE Facilities team. To rank these we just used the condition assessments completed by our consultants and assigned point values for each check mark depending on what condition it was ranked under (new column was 5 points, good was 4, etc...) and also factored in the fact that each facility was not ranked in every single category, so if you need to see the formula, I'm happy to go over it with you, but if you just need the ranking, then take a look at the attached (scores are in the far right column).

If you have any questions just let us know.

Have a great weekend!

**Subject:** Facilities report

Here are the facilities documents. We will need your help with ranking the other facilities considering the same process the top 9 priority sites were selected. I also attached the facilities condition assessment reports that was gathered from the GaDOE regional facilities staff. Please feel free make recommendations and changes to the process around allocating points for this in the grant application.

We appreciate your collaboration on this.

Needs: inside painting, outside railing painting, tile, carpet, bathroom stalls and sinks, door repairs and replacements, breezeway roof, replace outside A/C enclosure, repair ductwork, intercom system, new windows. Building should have received complete renovations beginning in June, 2015 by Coweta County School System.
Built in 1954 with some renovations in FY10 and FY15. Renovations still needed: Fence and gates with locking access control with video/audio intercom, Electric locks for classroom rear doors, Updated server with more bandwidth, Roofing repairs, and Lighting updated
Built in 1063. No renovations since occupancy but the building is in good shape. Renovations needed: roof repairs, entry door locks with access control with video/audio intercom, painting, plumbing & electrical for washer, dryer & stove, room renovations with wall built to delineate separate spaces
Also a 1954 bldg; some renovations in FY10. Renovations needed: Entry door locks with access control with video/audio intercom, flooring, lighting updated, Updated server with more bandwidth, Possible roofing repairs, Plumbing & electrical for washer, dryer, & stove
Building needs roofing, flooring and painting
No renovations needed
Should have received renovations through SCCPSS during the summer of 2015 that will update our fire alarm and intercom, provide for additional ADA compliance, and include some exterior building upgrades
From OPB Report: ceiling needs replacing.
No major renovations needed (OPB did not visit)
No major renovations needed (OPB report - agreed)
Renovations needed: metal storage bldg, gymnasium roof
Currently undergoing renovations. Renovations still needed (phase 2) include: Metal Gymnasium building with 2 additional classrooms Additional Abatement Additional HVAC Roof Expanded office/entry area w/safety features Outdoor fitness/playground equipment Repave/fix parking/bus pickup pavement area
New location in 2015; no renovations needed
Need Paint, new floors, A/C units, door replacements, assembly room/ multipurpose room, restrooms, science lab, technology updates, updated surveillance/ security, appliances, other minor things.
OPB Report stated the Heartland facilities were nice, no renovations needs were listed

Needs: 1. Major Plumbing with bathroom renovations for students and staff 2. Up grade internet server and wiring, wireless network 3. Major need or Air. Cond. Units 4. New Windows, doors, flooring 5. Painting 6. Need Playground equipment 7. Upgrade phone system 8. Needs plumbing, bathroom renovations, water and sewer lines, new floors in some classrooms, A/C units, painting, security entrance, upgrade internet server, classroom ceiling repair
Needs a new building; Major renovations will be needed such as: 1. Joining buildings together for safety 2. Fencing for safety 3. Renovation on all classrooms and offices/additions 4. New AC units 5. Upgrade server for internet and wireless 6. major bathroom renovation, sewer, plumbing and water 7. A security entrance 8. Major painting 9. Outside renovation 10 New roof OPB Report says it's on the list for SPLOST Improvements
New paint, updated electricity, H/A, urinals & toilets, plumbing window insulation (OPB did not visit)
new carpet, paint, update plumbing&electrical systems, needs significant work on the roof because it leaks in some areas, needs to have hallway clocks removed (no longer working), needs to have old heaters that do not work removed and updated heating and air, needs an electronic locking front door with buzzer and video system, we need to install a few classroom key code locks, and we would love to have a walk through metal
Roof needs checking (was a middle school until end of 2013 school year - OPB did not visit)
No renovations needed (New site for GNETS - moved in 2012; OPB did not visit)
This facility is not in OPB's report
Upgrades to technology (the building is so old that they will not give us new technology because it has to be upgraded before anything would be work in the building; carpet, paint, safety entrance, new heating/cooling unit.
No renovations needed but could use more classroom space.
OPB Report: issue with leaks, need significant renovations.
OPB Report: nice and well equipped
OPB Report: nice, but needs updated technology (computers, smart boards, etc)
Renovations needed: AC/Heating units, windows are drafty; adult bathrooms are needed.
Renovations needed include: Paint, AC/Heating, windows are drafty, old floors and ceiling tiles wiring is very old. Also plumbing is outdated and barely functions.

OPB Report: Built for GNETS in 2009 by the 14 school systems in the RESA.

Renovation needs:

- 1) Removal of existing exterior windows and replacement with new support wall and windows.
- 2) Upgrade HVAC system
- 3) Painting
- 4) Replacement of floor covering.

OPB Report: renovated in 2011 - very nice facility, well equipped

The following is a composite list of projects for both the Main Building and Cafeteria Building (compiled by Robert A. Stansell, Director of Plant Services and Fred Myles, Electrical Leaderman for the Muscogee County School District):

- 1) Roof Upgrades
- 2) Fire Alarm System Upgrade (Fire Alarm Panel and associated devices)
